

Oppo Supports are made of 4-way stretch spandex with 100% cotton lining. This helps keep your skin dry and comfortable. A super absorbent lining that provides both comfort and durability.

ELASTIC KNEE SUPPORT (2022)

- For arthritic knee conditions, minor sprains and strains
- Firm support for joint structures with gentle compression over kneecap
- Increases healing and keeps joints flexible
- Measure knee circumference around knee joint

NEOPRENE KNEE SUPPORT (1021)

- Open patella relieves pressure
- Helpful for post-operative knee sprains, strains and arthritis
- Reinforced patella prevents displacement
- Mid-section of knee circumference required to determine size

ARMSLING (3089)

- Supports the arm and carries the weight across the back of the shoulder
- Universal design fits right or left arm
- Adjustable slide buckle for proper height adjustment
- Comfortable, lightweight material
- Suitable for upper arm fracture and dislocated shoulders

ELASTIC ANKLE SUPPORT (2001)

- Ideal for weak or unstable ankles
- Gives support and compression, increasing circulation to relieve pain and speed-up healing and maintains flexibility
- Measure around ankle joint to determine size

NEOPRENE ANKLE SUPPORT + OPEN HEEL (1001)

- Open toe & heel design allows full range of motion
- Provides compression for weak or overstressed ankles
- Measure above ankle bone to determine size

WRIST SUPPORT ELASTIC (2281)

- Helps relieve pain from an injured or weak wrist
- Provides firm support and gentle compression over the wrist
- Provides heat retention
- Wrist circumference required to determine size

WRIST SPLINT BRACE (2082)

- Removable aluminium splints can be bent to desired position
- Splint can be removed to fit either left or right hand
- Comfortable, effective support
- Wrist circumference required to determine size

ELASTIC WRIST WRAP (2083)

- Universal design fits left and right hand
- Provides comfortable compression and support
- Suitable for weak and strained wrists
- One size fits all

WRIST/THUMB SUPPORT (1084)

- Elastic hook and loop fastener ensures comfortable fit
- Support for carpal tunnel syndrome and general wrist support
- Wrist circumference required to determine size

TENNIS/ELBOW SUPPORT + SILICONE PAD (1486)

- Rapidly improves joint function
- Specially shaped silicone inserts helps relieve strain on the soft tissue around the elbow
- One size fits all

ELBOW SUPPORT ELASTIC (2085)

- Provides heat, support and compression to the elbow joint area without restricting flexibility
- Helps relieve pain from an injured or weak elbow
- Measure around elbow joint to determine size

NEOPRENE WAIST BELT (1060)

- Great for walking, running, aerobics and other sports activities
- Suitable for mild lower back ache
- Gives support to lower back and eliminates excess water weight
- One size fits all
